(Unaudited)

NOTE 1 – NATURE OF OPERATIONS

References herein to “we”, “us” or “our” refer to Princeton Capital Corporation (the “Company” or “Princeton Capital”), unless the context specifically requires otherwise.

Princeton Capital Corporation, a Maryland corporation, was incorporated under the general laws of the State of Maryland on July 25, 2013, with its principal office located in Princeton, New Jersey. We are a non-diversified, closed-end investment company that has filed an election to be regulated as a business development company (“BDC”), under the Investment Company Act of 1940, as amended (the “1940 Act”). As a BDC, our goal is to annually qualify and elect to be treated as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). The Company, however, did not meet the requirements to qualify as a RIC for the 2016 or 2017 tax years and expects to be taxed as a corporation under Subchapter C of the Code for those years. We invest primarily in private small and lower middle-market companies through first lien loans, second lien loans, unsecured loans, unitranche and mezzanine debt financing, often times with a corresponding equity investment. Our investment objective is to maximize the total return to our stockholders in the form of current income and capital appreciation through debt and related equity investments.

Prior to March 13, 2015, Princeton Capital’s predecessor operated under the name Regal One Corporation (“Regal One”). Regal One had been located in Scottsdale, Arizona, and was a Florida corporation initially incorporated in 1959 as Electro-Mechanical Services Inc. Since inception, Regal One had been involved in several industries. In 1998, Electro-Mechanical Services Inc. changed its name to Regal One Corporation.

On March 7, 2005, Regal One’s board of directors determined it was in the shareholders’ best interest to change the focus of its operations to providing financial consulting services through its network of advisors and professionals, and to be regulated as a BDC under the 1940 Act. On September 16, 2005, Regal One filed a Form N54A (Notification of Election by Business Development Companies) with the Securities and Exchange Commission (“SEC”), which transformed Regal One into a BDC in accordance with sections 55 through 65 of the 1940 Act. Regal One reported as an operating BDC from March 31, 2006 until March 13, 2015 and since March 13, 2015 (following the Reincorporation described below) Princeton Capital has reported as an operating BDC.

On July 9, 2014, Regal One acquired Princeton Capital as a wholly owned subsidiary. On July 14, 2014, Regal One, Princeton Capital, Capital Point Partners, LP, a Delaware limited partnership (“CPP”), and Capital Point Partners II, LP, a Delaware limited partnership (“CPPII” and, together with CPP, the “Partnerships”), entered into an Asset Purchase Agreement (the “Purchase Agreement”). Pursuant to the Purchase Agreement, Regal One would acquire cash, equity and debt investments of the Partnerships in exchange for shares of common stock of Regal One. In addition to the customary conditions to closing the transactions contemplated by the Purchase Agreement, Regal One was required to (i) to effect a reverse stock split of Regal One’s outstanding common stock at a ratio of 1-for-2 (the “Reverse Stock Split”), (ii) reincorporate from Florida to Maryland by merging into Princeton Capital (the “Reincorporation”) and (iii) become an externally managed BDC by entering into an external investment advisory agreement with Princeton Investment Advisors, LLC, (“Princeton Investment Advisors”) a Delaware limited liability company.

On March 13, 2015, following the Reverse Stock Split and the Reincorporation, we completed our previously announced acquisition in the approximate amounts of \$11.2 million in cash, \$43.5 million in equity & debt investments, and \$1.9 million in restricted cash escrow deposits of the Partnerships with an aggregate value of approximately \$56.6 million and issued approximately 115.5 million shares of our common stock to the Partnerships. The shares issued were based on a pre-valuation presumed fair value of \$60.9 million. We also entered into an investment advisory agreement with Princeton Investment Advisors, which subsequently was terminated by the Company’s Board of Directors on January 18, 2016, effective as of June 9, 2016.

On January 18, 2016, the Board of Directors of the Company conditionally approved the investment advisory agreement with Princeton Advisory Group, Inc., a New Jersey corporation (“Princeton Advisory Group”) (the “PAG Investment Advisory Agreement”), subject to the approval of the Company’s stockholders at the 2016 Annual Meeting of Stockholders. At the 2016 Annual Meeting of Stockholders held on June 9, 2016, the Company’s stockholders approved the PAG Investment Advisory Agreement, effective June 9, 2016. From June 9, 2016 through December 31, 2017, Princeton Advisory Group acted as the Company’s investment advisor pursuant to the terms of the PAG Investment Advisory Agreement.

PRINCETON CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
March 31, 2018
(Unaudited)

On December 27, 2017, the Board determined that it would be in the best interests of the Company and its stockholders to terminate the PAG Investment Advisory Agreement and sent a formal Notice of Termination to Princeton Advisory Group notifying Princeton Advisory Group of its termination as the Company's investment advisor, effective as of December 31, 2017 at 11:59 p.m. Eastern Time. Also on December 27, 2017, the Board approved (specifically in accordance with Rule 15a-4(b)(1)(ii) of the Investment Company Act) and authorized the Company to enter into an Interim Investment Advisory Agreement between the Company and House Hanover, LLC, a Delaware limited liability company ("House Hanover") (the "Interim Investment Advisory Agreement"), in accordance with Rule 15a-4 of the Investment Company Act. The effective date of the Interim Investment Advisory Agreement was January 1, 2018.

On April 5, 2018, the Board, including a majority of the independent directors, conditionally approved the Investment Advisory Agreement between the Company and House Hanover (the "House Hanover Investment Advisory Agreement") subject to the approval of the Company's stockholders at the 2018 Annual Meeting of Stockholders. The House Hanover Investment Advisory Agreement replaced the Interim Investment Advisory Agreement. On May 30, 2018, the Company's stockholders approved the House Hanover Investment Advisory Agreement. The effective date of the House Hanover Investment Advisory Agreement was May 31, 2018.

Since January 1, 2018, House Hanover has acted as our investment advisor under the Interim Investment Advisory Agreement (from January 1, 2018 until May 31, 2018) and the House Hanover Investment Advisory Agreement (since May 31, 2018).

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). In accordance with Regulation S-X under the Securities Act of 1933 and Securities Exchange Act of 1934, the Company does not consolidate portfolio company investments. The accounting records of the Company are maintained in U.S. dollars. As an investment company, as defined by the 1940 Act, the Company follows investment company accounting and reporting guidance of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 946 – Financial Services - Investment Companies, which is U.S. GAAP.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires our management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Changes in the economic environment, financial markets, creditworthiness of our portfolio companies and any other parameters used in determining these estimates could cause actual results to differ. It is likely that changes in these estimates will occur in the near term. The Company's estimates are inherently subjective in nature and actual results could differ materially from such estimates.

The reported amounts for the three months ended March 31, 2018 may not be indicative of the results ultimately achieved for the year ended December 31, 2018 which will be presented in the Company's annual report on form 10-K.

Portfolio Investment Classification

The Company classifies its investments in accordance with the requirements of the 1940 Act. Under the 1940 Act, "Control Investments" are defined as investments in companies in which the Company owns more than 25% of the voting securities or maintains greater than 50% of the board representation. Under the 1940 Act, "Affiliated Investments" are defined as those non-control investments in companies in which the Company owns between 5% and 25% of the voting securities. Under the 1940 Act, "Non-affiliated Investments" are defined as investments that are neither Control Investments nor Affiliated Investments. As of March 31, 2018, the Company had control investments in Advantis Certified Staffing Solutions, Inc., PCC SBH Sub, Inc., Rockfish Seafood Grill, Inc., Rockfish Holdings, LLC and Integrated Medical Partners, LLC as defined under the 1940 Act. As of December 31, 2017, the Company had control investments in Advantis Certified Staffing Solutions, Inc., PCC SBH Sub, Inc., Rockfish Seafood Grill, Inc., Rockfish Holdings, LLC and Integrated Medical Partners, LLC as defined under the 1940 Act.

PRINCETON CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
March 31, 2018
(Unaudited)

Investments are recognized when we assume an obligation to acquire a financial instrument and assume the risks for gains or losses related to that instrument. Investments are derecognized when we assume an obligation to sell a financial instrument and forgo the risks for gains and losses related to that instrument. Specifically, we record all security transactions on a trade date basis. Investments in other non-security financial instruments, such as limited partnerships or private companies, are recorded on the basis of subscription date or redemption date, as applicable. Amounts for investments recognized or derecognized but not yet settled are reported as receivables for investments sold or payable for investments acquired, respectively, in the Statements of Assets and Liabilities.

Valuation of Investments

In accordance with U.S. GAAP, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date.

In determining fair value, our board of directors uses various valuation approaches. In accordance with U.S. GAAP, ASC 820 establishes a fair value hierarchy for inputs and is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the board of directors. Unobservable inputs reflect our board of director’s assumptions about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

With respect to investments for which market quotations are not readily available, our board of directors undertakes a multi-step valuation process each quarter, as described below:

- Our quarterly valuation process begins with each portfolio company or investment being initially valued by an independent valuation firm, except for those investments where market quotations are readily available;
- Preliminary valuation conclusions are then documented and discussed with our senior management and our investment advisor (our investment advisor, as disclosed in various public filings, in Note 1, and elsewhere in this Form 10-Q, changed on January 1, 2018 from Princeton Advisory Group to House Hanover);
- The valuation committee of our board of directors then reviews these preliminary valuations and approves them for recommendation to the board of directors;
- The board of directors then discusses valuations and determines the fair value of each investment in our portfolio in good faith, based on the input of our investment advisor (our investment advisor, as disclosed in various public filings, in Note 1, and elsewhere in this Form 10-Q, changed on January 1, 2018 from Princeton Advisory Group to House Hanover), the independent valuation firm and the valuation committee.

U.S. GAAP establishes a framework for measuring fair value that includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

Level 1 — Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 — Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 — Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

PRINCETON CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
March 31, 2018
(Unaudited)

The availability of valuation techniques and observable inputs can vary from security to security and is affected by a wide variety of factors including, the type of security, whether the security is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed. Accordingly, the degree of judgment exercised by the board of directors in determining fair value is greatest for securities categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Company's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Company uses prices and inputs that are current as of the measurement date, including periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many securities. This condition could cause a security to be reclassified to a lower level within the fair value hierarchy.

Valuation Processes

The Company establishes valuation processes and procedures to ensure that the valuation techniques for investments that are categorized within Level 3 of the fair value hierarchy are fair, consistent, and verifiable. The Company's board of directors designates a Valuation Committee (the "Committee") to oversee the entire valuation process of the Company's Level 3 investments. The Committee is comprised of independent directors and reports to the Company's board of directors. The Committee is responsible for developing the Company's written valuation processes and procedures, conducting periodic reviews of the valuation policies, and evaluating the overall fairness and consistent application of the valuation policies.

The Committee meets on a quarterly basis, or more frequently as needed, to determine the valuations of the Company's Level 3 investments. Valuations determined by the Committee are required to be supported by market data, third-party pricing sources, industry accepted pricing models, counterparty prices, or other methods that the Committee deems to be appropriate.

The Company will periodically test its valuations of Level 3 investments through performing back testing of the sales of such investments by comparing the amounts realized against the most recent fair values reported, and if necessary, uses the findings to recalibrate its valuation procedures. On a quarterly basis, the Company engages the services of a nationally recognized third-party valuation firm to perform an independent valuation of the Company's Level 3 investments.

Investment Valuation

We expect that most of our portfolio investments will take the form of securities that are not publicly traded. The fair value of loans, securities and other investments that are not publicly traded may not be readily determinable, and we will value these investments at fair value as determined in good faith by our board of directors, including reflecting significant events affecting the value of our investments. Most, if not all, of our investments (other than cash and cash equivalents) will be classified as Level 3 under Financial Accounting Standards Board Accounting Standards Codification "Fair Value Measurements and Disclosures", or ASC 820. This means that our portfolio valuations will be based on unobservable inputs and our own assumptions about how market participants would price the asset or liability in question. We expect that inputs into the determination of fair value of our portfolio investments will require significant management judgment or estimation. Even if observable market data are available, such information may be the result of consensus pricing information or broker quotes, which include a disclaimer that the broker would not be held to such a price in an actual transaction. The non-binding nature of consensus pricing and/or quotes accompanied by disclaimers materially reduces the reliability of such information. We expect to retain the services of one or more independent service providers to review the valuation of these loans and securities. The types of factors that the board of directors may take into account in determining the fair value of our investments generally include, as appropriate, comparison to publicly traded securities including such factors as yield, maturity and measures of credit quality, the enterprise value of a portfolio company, the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings and discounted cash flow, the markets in which the portfolio company does business and other relevant factors. Because such valuations, and particularly valuations of private securities and private companies, are inherently uncertain, may fluctuate over short periods of time and may be based on estimates, our determinations of fair value may differ materially from the values that would have been used if a ready market for these loans and securities existed. Our net asset value could be adversely affected if our determinations regarding the fair value of our investments were materially higher than the values that we ultimately realize upon the disposal of such loans and securities.

PRINCETON CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
March 31, 2018
(Unaudited)

We will adjust the valuation of our portfolio quarterly to reflect our board of directors' determination of the fair value of each investment in our portfolio. Any changes in fair value are recorded in our statement of operations as net change in unrealized gain or loss.

Debt Securities

The Company's portfolio consists primarily of first lien loans, second lien loans, and unsecured loans. Investments for which market quotations are readily available ("Level 2 Loans") are generally valued using market quotations, which are generally obtained from an independent pricing service or broker-dealers. For other debt investments ("Level 3 Loans"), market quotations are not available and other techniques are used to determine fair value. The Company considers its Level 3 Loans to be performing if the borrower is not in default, the borrower is remitting payments in a timely manner, the loan is in covenant compliance or is otherwise not deemed to be impaired. In determining the fair value of the performing Level 3 Loans, the Board considers fluctuations in current interest rates, the trends in yields of debt instruments with similar credit ratings, financial condition of the borrower, economic conditions, success and prepayment fees, and other relevant factors, both qualitative and quantitative. In the event that a Level 3 Loan instrument is not performing, as defined above, the Board may evaluate the value of the collateral utilizing the same framework described above for a performing loan to determine the value of the Level 3 Loan instrument.

Equity Investments

Our equity investments, including common stock, membership interests, and warrants, are generally valued using a market approach and income approach. The income approach utilizes primarily the discount rate to value the investment whereas the primary inputs for the market approach are the earnings before interest, taxes, depreciation and amortization ("EBITDA") multiple and revenue multiples. The Black-Scholes Option Pricing Model, a valuation technique that follows the income approach, is used to allocate the value of the equity to the investment. The pricing model takes into account the contract terms (including maturity) as well as multiple inputs, including time value, implied volatility, equity prices, risk free rates, and interest rates.

Valuation of Other Financial Instruments

The carrying amounts of the Company's other, non-investment, financial instruments, consisting of cash, receivables, accounts payable, and accrued expenses, approximate fair value due to their short-term nature.

Cash and Restricted Cash

The Company deposits its cash and restricted cash in financial institutions and, at times, such balances may be in excess of the Federal Deposit Insurance Corporation insured limit; however, management does not believe it is exposed to any significant credit risk.

As of March 31, 2018 and December 31, 2017, there was no restricted cash for purpose of purchasing U.S. Treasury Bills on margin.

U.S. Treasury Bills

At the end of each fiscal quarter, we may take proactive steps to be in compliance with the RIC diversification requirements under Subchapter M of the Code, which are dependent upon the composition of our total assets at quarter end. We may accomplish this in several ways, including purchasing U.S. Treasury Bills and closing out positions after quarter-end.

Revenue Recognition

Realized gains or losses on the sale of investments are calculated using the specific identification method. The Company measures realized gains or losses by the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment, without regard to unrealized appreciation or depreciation previously recognized, but considering unamortized upfront fees and prepayment penalties.

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Origination, closing and/or commitment fees associated with senior and subordinated secured loans are accreted into interest income over the respective terms of the applicable loans. Upon the prepayment of a senior or subordinated secured loan, any prepayment penalties and unamortized loan origination, closing and commitment fees are recorded as interest income. Generally, when a payment default occurs on a loan in the portfolio, or if the Company otherwise believes that borrower will not be able to make contractual interest payments, the Company may place the loan on non-accrual status and cease recognizing interest income on the loan until all principal and interest is current through payment, or until a restructuring occurs, and the interest income is deemed to be collectible. The Company may make exceptions to this policy if a loan has sufficient collateral value, is in the process of collection or is viewed to be able to pay all amounts due if the loan were to be collected on through an investment in or sale of the business, the sale of the assets of the business, or some portion or combination thereof.

Dividend income is recorded on the ex-dividend date.

Structuring fees, excess deal deposits, prepayment fees and similar fees are recognized as income as earned, usually when paid.

Other fee income from investment sources, includes annual fees and monitoring fees from our portfolio investments and are included in other income from non-control/non-affiliate investments and other income from affiliate investments. Income from such sources was \$12,323 and \$14,733 for the three months ended March 31, 2018, and 2017, respectively.

Other income from non-investment sources is generally comprised of interest income earned on cash in the Company's bank account. Income from such sources was \$687 and \$74 for the three months ended March 31, 2018 and 2017, respectively.

Payment-in-Kind Interest ("PIK")

We have investments in our portfolio that contain a PIK interest provision. Any PIK interest is added to the principal balance of such investments and is recorded as income, if the portfolio company valuation indicates that such PIK interest is collectible. For the three months ended March 31, 2018 and 2017, PIK interest was \$33,322 and \$32,655, respectively. In order to qualify as a RIC, substantially all of this income must be paid out to stockholders in the form of dividends, even if we have not collected any cash. For the three months ended March 31, 2018 and 2017 and through the date of issuance of this report, no dividends have been paid out to stockholders.

Net Change in Unrealized Gain or Loss

Net change in unrealized gain or loss will reflect the change in portfolio investment values during the reporting period, including any reversal of previously recorded unrealized appreciation or depreciation, when gains or losses are realized.

Legal Fees

The Company incurred legal fees related to the lawsuit captioned *Capital Link Fund I, LLC, et al. v. Capital Point Management, LP, et al.* as disclosed in Note 8. Up until the agreements to settle in December 2017, it was undeterminable as to the ultimate responsibility for amounts invoiced to the Company by two law firms that provided services, as these invoices were for all of such law firm's fees even though they represented multiple parties and the Company believed that some of these services rendered were provided solely or primarily for the benefit of other represented parties. For the three months ended March 31, 2018 and 2017, the Company was not invoiced any legal fees by these two law firms related to this lawsuit. As of December 31, 2017, the Company reached an agreement with the two law firms and paid them \$330,000 to settle all outstanding invoices. In addition, as of December 31, 2017, the Company reduced accounts payable by \$1,060,039 as a result of the settlements. Other legal fees invoiced to the Company for the three months ended March 31, 2018 and 2017, were incurred in the normal operating course of business and are included in professional fees on the Statement of Operations.

Federal and State Income Taxes

The Company was taxed as a regular corporation (a “C corporation”) under subchapter C of the Internal Revenue Code of 1986, as amended, for its 2017 taxable year. The Company uses the liability method of accounting for income taxes. Deferred tax assets and liabilities are recorded for tax loss carryforwards and temporary differences between the tax basis of assets and liabilities and their reported amounts in the financial statements, using statutory tax rates in effect for the year in which the temporary differences are expected to reverse. A valuation allowance is provided against deferred tax assets when it is more likely than not that some portion or all of the deferred tax assets will not be realized.

The Company did not meet the qualifications of RIC for the 2017 tax year and will be taxed as a corporation under Subchapter C of the Code. The failure to qualify as a RIC, however, did not impact the 2017 tax year as the Company incurred tax losses. As a result of the losses incurred for the year ended December 31, 2017, the Company intends to carry forward the net operating losses to future periods in which the Company generates taxable income to reduce its tax liability.

The Company does not expect to meet the qualifications of a RIC for the 2018 tax year and will be taxed as a corporation under Subchapter C of the Code. However, in the event that the Company does meet the qualifications of a RIC for the 2018 tax year, it may not be in the best interests of the Company’s stockholders to elect to be taxed as a RIC for the 2018 tax year due to the net operating losses and capital loss carryforwards the Company currently has. Management will make a determination that is in the best interests of the Company and its stockholders.

In order to qualify as a RIC, among other things, the Company is required to distribute to its stockholders on a timely basis at least 90% of investment company taxable income, as defined by the Code, for each year. So long as the Company achieves its status as a RIC, it generally will not pay corporate-level U.S. federal and state income taxes on any ordinary income or capital gains that it distributes at least annually to its stockholders as dividends. Rather, any tax liability related to income earned by the Company will represent obligations of the Company’s investors and will not be reflected in the financial statements of the Company.

The Company evaluates tax positions taken or expected to be taken while preparing its financial statements to determine whether the tax positions are “more-likely-than-not” of being sustained by the applicable tax authority. The Company recognizes the tax benefits of uncertain tax positions only where the position has met the “more-likely-than-not” threshold. The Company classifies penalties and interest associated with income taxes, if any, as income tax expense. Conclusions regarding tax positions are subject to review and may be adjusted at a later date based on factors including, but not limited to, ongoing analyses of tax laws, regulations and interpretations thereof.

Dividends and Distributions

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount, if any, to be paid as a dividend is approved by our board of directors each quarter and is generally based upon our management’s estimate of our earnings for the quarter. For the three months ended March 31, 2018 and 2017, and through the date of issuance of this report, no dividends have been declared or distributed to stockholders.

Per Share Information

Basic and diluted loss per common share is calculated using the weighted average number of common shares outstanding for the period presented.

Basic net loss per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period. Diluted net loss per share is computed by dividing net loss per share by the weighted average number of shares outstanding, plus, any potentially dilutive shares outstanding during the period. For the three months ended March 31, 2018 and 2017, basic and diluted loss per share were the same, since there were no potentially dilutive securities outstanding.

Capital Accounts

Certain capital accounts including undistributed net investment income, accumulated net realized gain or loss, accumulated net unrealized gain or loss, and paid-in capital in excess of par, are adjusted, at least annually, for permanent differences between book and tax. In addition, the character of income and gains to be distributed is determined in accordance with income tax regulations that may differ from U.S. GAAP.

Recent Accounting Pronouncements

In November 2016, the FASB issued ASU 2016-18, Statement of Cash Flows (Topic 230): Restricted Cash (“ASU 2016-18”). ASU 2016-18 requires that a statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Therefore, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. ASU 2016-18 is effective for public business entities in fiscal years beginning after December 15, 2017, including interim periods within those years. The Company early adopted ASU 2016-18 as shown on the Statement of Cash Flows.

In January 2016, the FASB issued ASU 2016-01, “Recognition and Measurement of Financial Assets and Financial Liabilities,” to generally require equity investments be measured at fair value with changes in fair value recognized in net income, simplify the impairment assessment of equity investments without readily-determinable fair value, and change disclosure and presentation requirements regarding financial instruments and other comprehensive income, and clarify that an entity should evaluate the need for a valuation allowance on a deferred tax asset related to available-for-sale securities in combination with the entity’s other deferred tax assets. In February 2018, the FASB issued ASU 2018-03, Technical Corrections and Improvements to Financial Instruments – Overall (Subtopic 825-10). The amendments in ASU 2018-03 make technical corrections to certain aspects of ASU 2016-01 on recognition of financial assets and financial liabilities. For public entities, the guidance in ASU 2016-01 and amendments in ASU 2018-03 are effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. Adoption of ASU 2016-01 and ASU 2018-03 did not have a material impact on the Company’s financial statements.

In March 2018, the FASB issued ASU 2018-05, “Income Taxes (Topic 740); Amendments to SEC Paragraphs Pursuant to SEC Staff Accounting Bulletin No. 118”. This ASU provides accounting and disclosure guidance relating to the Tax Cuts and Jobs Act pursuant to the issuance of SEC Staff Accounting Bulletin No. 118. The guidance allows a company to report provisional amounts when reasonable estimates are determinable for certain income tax effects relating to the Act. These provisional amounts may give rise to new current or deferred taxes based on certain provisions within the Act, as well as adjustments to existing current or deferred taxes that existed prior to the Act’s enactment date. Adoption of ASU 2018-05 did not have a material impact on the Company’s financial statements.

In August 2018, the FASB issued ASU 2018-13 (“ASU 2018-13”), Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. The amendments in ASU 2018-13 on this update eliminate, add and modify certain disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement. The amendments are effective for fiscal years beginning after December 15, 2019. Early adoption is permitted upon issuance of this update. An entity is permitted to early adopt any removed or modified disclosures upon issuance of this update and delay adoption of the additional disclosures until their effective date. Management of the Company does not expect that the adoption of ASU 2018-13 will have a material impact on the Company’s financial statements.

NOTE 3 – CONCENTRATION OF CREDIT RISK

In the normal course of business, the Company maintains its cash balances in financial institutions, which at times may exceed federally insured limits. The Company is subject to credit risk to the extent any financial institution with which it conducts business is unable to fulfill contractual obligations on its behalf. Management monitors the financial condition of such financial institutions and does not anticipate any losses from these counterparties.

During the three months ended March 31, 2018 and the year ended December 31, 2017, there were no transfers between Level, 1, Level 2 or Level 3.

The following table presents additional information about Level 3 assets measured at fair value. Both observable and unobservable inputs may be used to determine the fair value of positions that the Company has classified within the Level 3 category. As a result, the unrealized gains and losses for assets within the Level 3 category may include changes in fair value that were attributable to both observable (e.g., changes in market interest rates) and unobservable (e.g., changes in unobservable long-dated volatilities) inputs.

PRINCETON CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
March 31, 2018
(Unaudited)

The primary significant unobservable input used in the fair value measurement of the Company's debt securities (first lien loans, second lien loans and unsecured loans), including income-producing investments in funds, is the discount rate. Significant increases (decreases) in the discount rate in isolation would result in a significantly lower (higher) fair value measurement. In determining the discount rate, for the income (discounted cash flow) or yield approach, the Company considers current market yields and multiples, portfolio company performance, leverage levels and credit quality, among other factors in its analysis. Changes in one or more of these factors can have a similar directional change on other factors in determining the appropriate discount rate to use in the income approach.

The primary significant unobservable inputs used in the fair value measurement of the Company's equity investments are the EBITDA multiple and revenue multiple, which is used to determine the Enterprise Value. Significant increases (decreases) in the Enterprise Value in isolation would result in a significantly higher (lower) fair value measurement. To determine the Enterprise Value for the market approach, the Company considers current market trading and/or transaction multiples, portfolio company performance (financial ratios) relative to public and private peer companies and leverage levels, among other factors. Changes in one or more of these factors can have a similar directional change on other factors in determining the appropriate multiple to use in the market approach.

The primary unobservable inputs used in the fair value measurement of the Company's equity investments, when using an option pricing model to allocate the equity value to the investment, are the discount rate for lack of marketability and volatility. Significant increases (decreases) in the discount rate in isolation would result in a significantly lower (higher) fair value measurement. Significant increases (decreases) in the volatility in isolation would result in a significantly higher (lower) fair value measurement. Changes in one or more factors can have a similar directional change on other factors in determining the appropriate discount rate or volatility to use in the valuation of equity using an option pricing model.

NOTE 6 – RELATED PARTY TRANSACTIONS

Transition of Investment Advisory Agreements

Our board of directors, including a majority of our independent directors, conditionally approved the PAG Investment Advisory Agreement between the Company and Princeton Advisory Group at its meeting held on January 18, 2016, subject to the approval of the Company's stockholders at the 2016 Annual Meeting of Stockholders. On June 9, 2016, the Company's stockholders approved the PAG Investment Advisory Agreement. The effective date of the PAG Investment Advisory Agreement was June 9, 2016. At a Special Meeting of the Board held on June 27, 2017, the Board, including a majority of the independent directors of the Board, voted to renew the PAG Investment Advisory Agreement for another one-year term, pursuant to the requirements of Section 9(c) of the PAG Investment Advisory Agreement and Section 15(c) of the 1940 Act. Subject to the overall supervision of our board of directors and in accordance with the 1940 Act, Princeton Advisory Group managed our day-to-day operations and provided investment advisory services to us until the PAG Investment Advisory Agreement was terminated effective December 31, 2017.

As disclosed elsewhere in this 10-Q (including Note 1), House Hanover has served as the Company's investment advisor since January 1, 2018 pursuant to the Interim Investment Advisory Agreement and the House Hanover Investment Advisory Agreement.

Since the transition of investment advisors occurred during the periods covered under the financial statements included in this Form 10-Q, we have disclosed the material terms of both the PAG Investment Advisory Agreement and the House Hanover Investment Advisory Agreement below, beginning with the PAG Investment Advisory Agreement.

PRINCETON CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS

PAG Investment Advisory Agreement

Under the PAG Investment Advisory Agreement, the administrative services of the Company were provided by Princeton Advisory Group, Inc. and subject to reimbursement of administrative related expenses under the PAG Investment Advisory Agreement.

Advisory Services

Princeton Advisory Group is registered as an investment adviser under the 1940 Act, and from June 9, 2016 until December 31, 2017, served as the Company's investment advisor pursuant to the PAG Investment Advisory Agreement in accordance with the 1940 Act. Princeton Advisory Group is owned by and an affiliate of Mr. Munish Sood, the Company's former President and former Chief Executive Officer.

Subject to supervision by the Company's Board of Directors, Princeton Advisory Group oversees the Company's day-to-day operations and provides the Company with investment advisory services. Under the terms of the PAG Investment Advisory Agreement, Princeton Advisory Group, among other things: (i) determines the composition and allocation of the portfolio of the Company, the nature and timing of the changes therein and the manner of implementing such changes; (ii) identifies, evaluates and negotiates the structure of the investments made by the Company; (iii) executes, monitors and services the Company's investments; (iv) determines the securities and other assets that the Company shall purchase, retain, or sell; (v) performs due diligence on prospective portfolio companies; (vi) provides the Company with such other investment advisory, research and related services as the Company may, from time to time, reasonably require for the investment of its funds; and (vii) if directed by the Board, will assist in the execution and closing of the sale of the Company's assets or a sale of the equity of the Company in one or more transactions. Princeton Advisory Group's services under the PAG Investment Advisory Agreement may not be exclusive and it is free to furnish similar services to other entities so long as its services to the Company are not impaired.

Management Fee

Pursuant to the PAG Investment Advisory Agreement, the Company pays Princeton Advisory Group a base management fee for investment advisory and management services. The cost of the base management fee will ultimately be borne by the Company's stockholders. The PAG Investment Advisory Agreement does not include an incentive fee to Princeton Advisory Group.

The base management fee is calculated at an annual rate of 1.00% of the Company's gross assets, including assets purchased with borrowed funds or other forms of leverage and excluding cash and cash equivalents net of all indebtedness of the Company for borrowed money and other liabilities of the Company. The base management fee is payable quarterly in arrears, and determined as set forth in the preceding sentence at the end of the two most recently completed calendar quarters prior to the quarter for which such fees are being calculated. The Board of Directors may retroactively adjust the valuation of the Company's assets and the resulting calculation of the base management fee in the event the Company or any of its assets are sold or transferred to an independent third party or the Company or Princeton Advisory Group receives an audit report or other independent third party valuation of the Company. To the extent that any such adjustment increases or decreases the base management fee of any prior period, the Company will be obligated to pay the amount of increase to Princeton Advisory Group or Princeton Advisory Group will be obligated to refund the decreased amount, as applicable.

Management fees under the PAG Investment Advisory Agreement for the three months ended March 31, 2017 were \$107,055. As of March 31, 2018 and December 31, 2017, management fees of \$19,282 and \$94,282 were payable to Princeton Advisory Group.

Incentive Fee

The Company is not obligated to pay Princeton Advisory Group an incentive fee.

Payment of Expenses

Princeton Advisory Group will bear all compensation expense (including health insurance, pension benefits, payroll taxes and other compensation related matters) of its employees and bear the costs of any salaries or directors' fees of any officers or directors of the Company who are affiliated persons (as defined in the 1940 Act) of Princeton Advisory Group. However, Princeton Advisory Group, subject to approval by the Board of Directors of the Company, will be entitled to reimbursement for the portion of any compensation expense and the costs of any salaries of any such employees to the extent attributable to services performed by such employees for the Company. During the term of the PAG Investment Advisory Agreement, Princeton Advisory Group will also bear all of its costs and expenses for office space rental, office equipment, utilities and other non-compensation related overhead allocable to performance of its obligations under the PAG Investment Advisory Agreement.

Except as provided in the preceding paragraph the Company will reimburse Princeton Advisory Group all direct and indirect costs and expenses incurred by it during the term of the PAG Investment Advisory Agreement for: (i) due diligence of potential investments of the Company, (ii) monitoring performance of the Company's investments, (iii) serving as officers of the Company, (iv) serving as directors and officers of portfolio companies of the Company, (v) providing managerial assistance to portfolio companies of the Company, and (vi) enforcing the Company's rights in respect of its investments and disposing of its investments; provided, however, that, any third party expenses incurred by Princeton Advisory Group in excess of \$50,000 in the aggregate in any calendar quarter will require advance approval by the Board of Directors of the Company.

In addition to the foregoing, the Company will also be responsible for the payment of all of the Company's other expenses, including the payment of the following fees and expenses:

- organizational and offering expenses;
- expenses incurred in valuing the Company's assets and computing its net asset value per share (including the cost and expenses of any independent valuation firm);
- subject to the guidelines approved by the Board of Directors, expenses incurred by Princeton Advisory Group that are payable to third parties, including agents, consultants or other advisors, in monitoring financial and legal affairs for the Company and in monitoring the Company's investments and performing due diligence on the Company's prospective portfolio companies or otherwise related to, or associated with, evaluating and making investments;
- interest payable on debt, if any, incurred to finance the Company's investments and expenses related to unsuccessful portfolio acquisition efforts;
- offerings of the Company's common stock and other securities;
- administration fees;
- transfer agent and custody fees and expenses;
- U.S. federal and state registration fees of the Company (but not Princeton Advisory Group);
- all costs of registration and listing the Company's shares on any securities exchange;

- all other non-investment advisory expenses incurred by the Company regarding administering the Company’s business.

Duration and Termination

Unless terminated earlier as described below, the PAG Investment Advisory Agreement will continue in effect for a period of one (1) year from its effective date. It will remain in effect from year to year thereafter if approved annually by the Company’s Board or by the affirmative vote of the holders of a majority of the Company’s outstanding voting securities, and, in either case, if also approved by a majority of the of Company’s directors who are neither parties to the PAG Investment Advisory Agreement nor “interested persons” (as defined under the 1940 Act) of any such party. The PAG Investment Advisory Agreement may be terminated at any time, without the payment of any penalty, (i) upon written notice, effective on the date set forth in such notice, by the vote of a majority of the outstanding voting securities of the Company or by the vote of the Company’s directors, or (ii) upon 60 days’ written notice, by Princeton Group. The PAG Investment Advisory Agreement automatically terminates in the event of its “assignment,” as defined in the 1940 Act. As disclosed elsewhere in this Form 10-Q (including Note 1), the PAG Investment Advisory Agreement was terminated as of December 31, 2017.

Indemnification

The PAG Investment Advisory Agreement provides that, absent willful misfeasance, bad faith or negligence in the performance of their duties, or by reason of the material breach or reckless disregard of their duties and obligations under the PAG Investment Advisory Agreement (and to the extent specified in Section 36(b) of the Investment Company Act concerning loss resulting from a breach of fiduciary duty (as the same is finally determined by judicial proceedings) with respect to the receipt of compensation for services), Princeton Advisory Group and its officers, managers, employees and members are entitled to indemnification from the Company for any damages, liabilities, costs and expenses (including reasonable attorneys’ fees and amounts reasonably paid in settlement) arising from the rendering of Princeton Advisory Group’s services under the PAG Investment Advisory Agreement or otherwise as the Company’s investment advisor. The amounts payable for indemnification will be calculated net of payments recovered by the indemnified party under any insurance policy with respect to such losses.

At all times during the term of the PAG Investment Advisory Agreement and for one year thereafter, Princeton Advisory Group is obligated to maintain directors and officers/errors and omission liability insurance in an amount and with a provider reasonably acceptable to the Board of Directors of the Company.

Administration Services and Sub-Administration Agreement

Princeton Advisory Group is entitled to reimbursement of expenses under the PAG Investment Advisory for administrative services performed for the Company.

Princeton Advisory Group engaged Conifer Asset Solutions LLC (the “Sub-Administrator”) to provide certain administrative services to us. As of December 15, 2016, Conifer Asset Solutions LLC’s parent company, Conifer Financial Services, LLC, was acquired by SS&C Technologies Holdings, Inc. In exchange for provided services, the Administrator pays the Sub-Administrator an asset-based fee with an annual minimum as adjusted for any reimbursement of expenses. The minimum annual fee rate is \$125,000 through June 9, 2017 and increases to a minimum annual fee rate of \$150,000 from June 10, 2017 through December 31, 2017. This asset-based fee will vary depending upon our gross assets, as adjusted, as follows:

Gross Assets	Fee
first \$150 million of gross assets	20 basis points (0.20%)
next \$150 million of gross assets	15 basis points (0.15%)
next \$200 million of gross assets	10 basis points (0.10%)
in excess of \$500 million of gross assets	5 basis points (0.05%)

Administration fees and sub-administration fees were \$53,181 and \$31,250, respectively, for the three months ended March 31, 2017, as shown on the Statements of Operations under administration fees.

House Hanover Investment Advisory Agreement

Effective as of January 1, 2018, House Hanover serves as our investment advisor. House Hanover is registered as an investment advisor under the 1940 Act.

Material Changes in Investment Advisory Agreements

The terms and conditions of the House Hanover Investment Advisory Agreement and the PAG Investment Advisory Agreement are substantially similar, including all management fees payable by the Company. Neither the House Hanover Investment Advisory Agreement nor the PAG Investment Advisory Agreement, contain an incentive fee component, as would be typical of many external investment advisory agreements.

The terms and conditions of the House Hanover Investment Advisory Agreement and the Interim Investment Advisory Agreement are substantially similar, except that (i) the Interim Investment Advisory Agreement did not require approval in accordance with Rule 15a-4 of the 1940 Act and (ii) the duration of the House Hanover Investment Advisory Agreement is one year from the effective date (May 31, 2018) and thereafter shall continue automatically for successive annual periods, provided that such continuance is specifically approved at least annually by (a) the vote of the Board, or by the vote of a majority of the outstanding voting securities of the Company and (b) the vote of a majority of the members of the Board who are not parties to the House Hanover Investment Advisory Agreement or “interested persons” (as such term is defined in Section 2(a)(19) of the 1940 Act) of any such party, in accordance with the requirements of the 1940 Act, as opposed to a 150-day limitation on the term, as set forth in the Interim Investment Advisory Agreement.

Advisory Services

House Hanover is registered as an investment adviser under the 1940 Act and serves as the Company’s investment advisor pursuant to the House Hanover Investment Advisory Agreement in accordance with the 1940 Act. House Hanover is owned by and an affiliate of Mr. Mark DiSalvo, the Company’s Interim President, Interim Chief Executive Officer, and a director of the Company.

Subject to supervision by the Company’s Board, House Hanover oversees the Company’s day-to-day operations and provide the Company with investment advisory services. Under the terms of the House Hanover Investment Advisory Agreement, House Hanover, among other things: (i) determines the composition and allocation of the portfolio of the Company, the nature and timing of the changes therein and the manner of implementing such changes; (ii) identifies, evaluates and negotiates the structure of the investments made by the Company; (iii) executes, closes, services and monitors the Company’s investments; (iv) determines the securities and other assets that the Company shall purchase, retain, or sell; (v) performs due diligence on prospective portfolio companies; (vi) provides the Company with such other investment advisory, research and related services as the Company may, from time to time, reasonably require for the investment of its funds; and (vii) if directed by the Board, assists in the execution and closing of the sale of the Company’s assets or a sale of the equity of the Company in one or more transactions. House Hanover’s services under the House Hanover Investment Advisory Agreement may not be exclusive and it is free to furnish similar services to other entities so long as its services to the Company are not impaired. At the request of the Company, House Hanover, upon any transition of the Company’s investment advisory relationship to another investment advisor or upon any internalization, shall provide reasonable transition assistance to the Company and any successor investment advisor.

Management Fee

Pursuant to the House Hanover Investment Advisory Agreement, the Company pays House Hanover a base management fee for investment advisory and management services. The cost of the base management fee is ultimately borne by the Company's stockholders. The House Hanover Investment Advisory Agreement does not contain an incentive fee component.

The base management fee is calculated at an annual rate of 1.00% of the Company's gross assets, including assets purchased with borrowed funds or other forms of leverage and excluding cash and cash equivalents net of all indebtedness of the Company for borrowed money and other liabilities of the Company. The base management fee is payable quarterly in arrears, and determined as set forth in the preceding sentence at the end of the two most recently completed calendar quarters. The Board may retroactively adjust the valuation of the Company's assets and the resulting calculation of the base management fee in the event the Company or any of its assets are sold or transferred to an independent third party or the Company or House Hanover receives an audit report or other independent third party valuation of the Company. To the extent that any such adjustment increases or decreases the base management fee of any prior period, the Company will be obligated to pay the amount of increase to House Hanover or House Hanover will be obligated to refund the decreased amount, as applicable.

Management fees under the Interim Investment Advisory Agreement for the three months ended March 31, 2018 were \$116,827. As of March 31, 2018, management fees of \$116,827 were payable to House Hanover.

Incentive Fee

The Company is not obligated to pay House Hanover an incentive fee.

Payment of Expenses

House Hanover bears all compensation expense (including health insurance, pension benefits, payroll taxes and other compensation related matters) of its employees and bear the costs of any salaries or directors' fees of any officers or directors of the Company who are affiliated persons (as defined in the 1940 Act) of House Hanover. However, House Hanover, subject to approval by the Board of the Company, is entitled to reimbursement for the portion of any compensation expense and the costs of any salaries of any such employees to the extent attributable to services performed by such employees for the Company. During the term of the House Hanover Investment Advisory Agreement, House Hanover will also bear all of its costs and expenses for office space rental, office equipment, utilities and other non-compensation related overhead allocable to performance of its obligations under the House Hanover Investment Advisory Agreement.

Except as provided in the preceding paragraph the Company reimburses House Hanover all direct and indirect costs and expenses incurred by it during the term of the House Hanover Investment Advisory Agreement for: (i) due diligence of potential investments of the Company, (ii) monitoring performance of the Company's investments, (iii) serving as officers of the Company, (iv) serving as directors and officers of portfolio companies of the Company, (v) providing managerial assistance to portfolio companies of the Company, and (vi) enforcing the Company's rights in respect of its investments and disposing of its investments; provided, however, that, any third party expenses incurred by House Hanover in excess of \$50,000 in the aggregate in any calendar quarter will require advance approval by the Board of the Company.

In addition to the foregoing, the Company will also be responsible for the payment of all of the Company's other expenses, including the payment of the following fees and expenses:

- organizational and offering expenses;
- expenses incurred in valuing the Company's assets and computing its net asset value per share (including the cost and expenses of any independent valuation firm);
- subject to the guidelines approved by the Board of Directors, expenses incurred by House Hanover that are payable to third parties, including agents, consultants or other advisors, in monitoring financial and legal affairs for the Company and in monitoring the Company's investments and performing due diligence on the Company's prospective portfolio companies or otherwise related to, or associated with, evaluating and making investments;
- interest payable on debt, if any, incurred to finance the Company's investments and expenses related to unsuccessful portfolio acquisition efforts;

Administration Services and Service Agreement

House Hanover is entitled to reimbursement of expenses under the House Hanover Investment Advisory Agreement for administrative services performed for the Company.

On January 1, 2018, Princeton Capital Corporation directly entered into a service agreement with SS&C Technologies Holdings, Inc. (the "Sub-Administrator") to provide certain administrative services to the Company. In exchange for provided services, the Company pays the Sub-Administrator an asset-based fee with a \$150,000 annual minimum as adjusted for any reimbursement of expenses. This asset-based fee will vary depending upon our gross assets, as adjusted, as follows:

Gross Assets	Fee
first \$150 million of gross assets	20 basis points (0.20%)
next \$150 million of gross assets	15 basis points (0.15%)
next \$200 million of gross assets	10 basis points (0.10%)
in excess of \$500 million of gross assets	5 basis points (0.05%)

Administration fees were \$61,500 and fees to the Sub-Administrator were \$37,500 for the three months ended March 31, 2018, as shown on the Statements of Operations under administration fees.

Managerial Assistance

As a BDC, we offer, and must provide upon request, managerial assistance to our portfolio companies. This assistance could involve monitoring the operations of our portfolio companies, participating in board of directors and management meetings, consulting with and advising officers of portfolio companies and providing other organizational and financial guidance. As of March 31, 2018, none of the portfolio companies had accepted our offer for such services.

Other Related Party Transactions

As disclosed in the Company's Form 8-K filed with the SEC on September 16, 2016, on September 12, 2016, the Company, as a Borrower, entered into a Term Loan in the amount of \$225,000 with Munish Sood, former CEO, President and Director of the Company, as Lender, in order to fund capital to one of its portfolio companies, Rockfish Seafood Grill, Inc. The board of directors of the Company, by unanimous written consent, authorized and approved that the Company enter into the Loan Agreement. The loan will bear interest at a rate of 10.0% per annum and matures on December 12, 2016. As disclosed in the Company's Form 8-K filed with the SEC on October 27, 2016, on October 21, 2016, Munish Sood lent an additional \$140,000 under this Term Loan. On March 29, 2017, Munish Sood, in order to purchase certain assets to qualify as a RIC, lent an additional \$450,000 under this Term Loan and extended the maturity date to June 30, 2017. On April 10, 2017, the Company made a principal and interest payment totaling \$450,984 on this Term Loan. The loan was repaid in full with interest on July 17, 2017.

On June 28, 2017, Munish Sood made a non-interest bearing short term loan to Advantis Certified Staffing Solutions, Inc., one of the Company's portfolio companies, in the amount of \$89,225 for a short term working capital need. The loan was repaid without interest on July 5, 2017.

NOTE 8 – COMMITMENTS AND CONTINGENCIES

In the normal course of business, the Company may enter into investment agreements under which it commits to make an investment in a portfolio company at some future date or over a specified period of time. The Company maintains sufficient assets to provide adequate

cover to allow it to satisfy its unfunded commitment amount as of March 31, 2018. The unfunded commitment is accounted for under ASC 820. As of the date of this report, all commitments have been funded.

PRINCETON CAPITAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
March 31, 2018
(Unaudited)

On June 2, 2015, the Company entered into a Lease Guaranty Agreement to guaranty a portion of a lease entered into by Rockfish Seafood Grill, Inc. The Company's guaranty is limited to the total tenant improvement allowance and the total amount of commissions that the landlord provided in connection with the lease. The total guaranteed amount by the Company is approximately \$292,701 and reduces proportionally after each of the first sixty months of the lease, which commenced in November 2015, so long as no uncured event of default exists. Through the date of filing, the guaranteed amount was reduced to \$107,324.

Legal Proceedings

On or around September 8, 2015, a lawsuit was filed captioned *Capital Link Fund I, LLC, et al. v. Capital Point Management, LP, et al.*, C.A. No. 11483-VCN in the Delaware Court of Chancery.

The following description of the settlement agreement is qualified in its entirety by reference to the full text of the Settlement Agreement, which is attached as Exhibit 99.1 to the 8-K filed on January 22, 2016:

On January 19, 2016, the Company, Princeton Advisory Group, Inc., Gregory J. Cannella, Munish Sood, Thomas Jones, Jr. and Trennis L. Jones (together the "Independent Directors" and the Independent Directors together with the Company, Princeton Advisory Group, Inc., Cannella and Sood, the "Settling Defendants") on the one hand, entered into a settlement agreement ("Settlement Agreement") with Capital Link Fund I, LLC ("Capital Link"), CT Horizon Legacy Fund, LP ("CT Horizon"), CPP, and Sema4, Inc. ("Semaphore" and together with Capital Link, CT Horizon and CPP I, the "Plaintiffs" or the "Capital Point Parties") on the other hand. CPP I is the Company's largest stockholder.

Subject to the terms and conditions contained therein, the Settlement Agreement settles between the Plaintiffs and the Settling Defendants the disputes described in the lawsuit. No monies were paid or exchanged by any of the parties as a part of the settlement and none of the parties admitted any wrongdoing. For the avoidance of doubt, none of the following is a party to the Settlement Agreement: Alfred Jackson ("Jackson"), Martin Tuchman ("Tuchman"), Capital Point Management, LP ("CPM"), Capital Point Advisors, LP ("CPA") or Princeton Investment Advisors, LLC ("PIA," and, together with Jackson, Tuchman, CPM and CPA, collectively the "Non-Settling Defendants"). As part of the terms of the Settlement Agreement, Sood and Cannella waived any rights to indemnification they may have had against the Company as it relates to the lawsuit. Subsequently, pursuant to a written agreement among the Company, Jackson, CPM, CPA, and PIA, Jackson waived any rights to indemnification that he may have had against the Company.

On June 17, 2016, a Stipulation and Order of Dismissal of Claims (the "Dismissal Order") against the Settling Defendants (which includes the Company) and Tuchman (collectively, the "Dismissed Defendants") was entered in the Delaware Court of Chancery. The Dismissal Order, which was dated June 10, 2016, dismissed with prejudice the claims brought by the Plaintiffs against the Dismissed Defendants. The Dismissal Order did not dismiss the claims against Jackson, CPM, CPA or PIA.

On February 24, 2017, a Stipulation and Order of Dismissal of Claims (the "Dismissal Order II") against Jackson, CPM, CPA and PIA was entered in the Delaware Court of Chancery. The Dismissal Order II, which was dated February 24, 2017, dismissed with prejudice the claims brought by the Plaintiffs against Jackson, CPM, CPA and PIA. Terms of any settlement were not disclosed and all claims with respect to the lawsuit have now been dismissed, signifying that the status quo order that included the Company has now been lifted.

As a result of the allegations contained in the complaints filed by the United States of America against Munish Sood, the former President, Chief Executive Officer, and director of the Company, and others captioned U.S. v. Lamont Evans, et al. and U.S. v. James Gotto, et al., in the Southern District of New York., on September 27, 2017 and as previously disclosed, the Board authorized and directed its Audit Committee (which consists of the Board's three independent board members) to conduct an independent investigation into whether such events impacted the Company, and the extent to which any officer or employee of the Company may have been involved, and whether any corporate funds may have been utilized in the conduct alleged.

Mr. Sood resigned from his positions as a director, Chief Executive Officer, and President, effective September 27, 2017. The Company has been informed that Mr. Sood plead guilty to charges of bribery and fraud in August of 2018.

From time to time, the Company may be a party to certain legal proceedings in the ordinary course of business, including proceedings relating to the enforcement of the Company's rights under contracts with its portfolio companies. The Company is not currently subject to any material legal proceedings, nor, to our knowledge, is any material legal proceeding threatened against us.

NOTE 9 – UNCONSOLIDATED SIGNIFICANT SUBSIDIARIES

The Company's investments are primarily in private small and lower middle-market companies. In accordance with Rules 3.09 and 4.08(g) of Regulation S-X, the Company must determine which of its unconsolidated controlled portfolio companies are considered "significant subsidiaries", if any. In evaluating these investments, there are three tests utilized to determine if any of the Company's control investments are considered significant subsidiaries; the investment test, the asset test, and the income test. Rule 3.09 of Regulation S-X, as interpreted by the SEC, requires the Company to include separate audited financial statements of any unconsolidated majority-owned subsidiary in an annual report if any of the three tests exceed 20% of the Company's total investments at fair value, total assets or total income. Rule 4-08(g) of Regulation S-X requires summarized financial information of an unconsolidated subsidiary in an annual report if any of the three tests exceeds 10% of the Company's total investments at fair value, total assets or total income and summarized financial information in a quarterly report if any of the three tests exceeds 20% of the Company's total amounts.

Additional Subsequent Events

In connection with the Company's 2015 amended tax return, the Company received a check in September of 2018 for \$287,404 which resulted in the reduction of the Tax Receivable as shown on the Company's Statement of Assets and Liabilities as of March 31, 2018.

Effective November 27, 2018, the Company entered into a confidential settlement agreement with a former vendor/provider of services in which the Company received \$1.1 million on December 4, 2018. Furthermore, the Company was released of the responsibility of outstanding Accounts Payable and Accrued Expenses totaling approximately \$279,172 to this vendor/provider of services, which would also forgive the related receivables Due From Portfolio Companies totaling approximately \$84,418.

Entry into Investment Advisory Agreement with House Hanover

As reported in the Company's Form 8-K filed on May 31, 2018, on April 5, 2018, the Board, including a majority of the independent directors, conditionally approved the Investment Advisory Agreement between the Company and House Hanover (the "House Hanover Investment Advisory Agreement") subject to the approval of the Company's stockholders at the 2018 Annual Meeting of Stockholders. On May 30, 2018, the Company's stockholders approved the House Hanover Investment Advisory Agreement. The effective date of the New Advisory Agreement is May 31, 2018.

Late Filings

As set forth in the Company's Form 12b-25 filings on August 15, 2018 and November 15, 2018, the Company has not timely made its Form 10-Q filings for the periods ending June 30, 2018 and September 30, 2018 due to its inability to do so without undue effort or expense.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

References herein to "we", "us" or "our" refer to Princeton Capital Corporation (the "Company" or "Princeton Capital"), unless the context specifically requires otherwise.

Forward-Looking Statements

Some of the statements in this quarterly report on Form 10-Q constitute forward-looking statements, which relate to future events or our future performance or financial condition. Such forward-looking statements may include statements preceded by, followed by or that otherwise include the words "may," "might," "will," "intend," "should," "could," "can," "would," "expect," "believe," "estimate," "anticipate," "predict," "potential," "plan" or similar words. The forward-looking statements contained in this quarterly report on Form 10-Q involve risks and uncertainties, including statements as to:

- our future operating results;
- our business prospects and the prospects of our portfolio companies;
- the effect of investments that we expect to make;
- our contractual arrangements and relationships with third parties;
- actual and potential conflicts of interest with our investment advisor;
- the dependence of our future success on the general economy and its effect on the industries in which we invest;
- the ability of our portfolio companies to achieve their objectives;
- the use of borrowed money to finance a portion of our investments;
- the adequacy of our financing sources and working capital;
- the timing of cash flows, if any, from the operations of our portfolio companies;
- the ability of our investment advisor to locate suitable investments for us and to monitor and administer our investments;
- the ability of our investment advisor to attract and retain highly talented professionals;
- our ability to qualify and maintain our qualification as a regulated investment company and as a business development company; and
- the effect of future changes in laws or regulations (including the interpretation of these laws and regulations by regulatory authorities) and conditions in our operating areas, particularly with respect to business development companies or regulated investment companies.

We have based the forward-looking statements included in this quarterly report on Form 10-Q on information available to us on the date of this quarterly report on Form 10-Q, and we assume no obligation to update any such forward-looking statements. Actual results could differ materially from those anticipated in our forward-looking statements, and future results could differ materially from historical performance. We undertake no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise, unless required by law or Securities and Exchange Commission ("SEC") rule or regulation. You are advised to consult any additional disclosures that we may make directly to you or through reports that we in the future may file with the SEC, including annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K.

Overview

We are an externally managed, non-diversified, closed-end investment company that has elected to be treated as a business development company ("BDC") under the Investment Company Act of 1940 (the "1940 Act" or "Investment Company Act"). We originate and invest primarily in private small and lower middle-market companies (typically those with less than \$20.0 million of EBITDA) through first lien loans, second lien loans, unsecured loans, unitranche and mezzanine debt financing, often times with a corresponding equity investment. Our investment objective is to maximize the total return to our stockholders in the form of current income and capital appreciation through debt and related equity investments in private small and lower middle-market companies. From June 9, 2016, the date that the Company's stockholders approved the investment advisory agreement with Princeton Advisory Group, Inc. ("Princeton Advisory Group"), through December 31, 2017, we were managed by Princeton Advisory Group, who also provided the administrative services necessary for us to operate. Since January 1, 2018, we have been managed by House Hanover, LLC ("House Hanover").

As a BDC, we must not acquire any assets other than “qualifying assets” specified in the 1940 Act unless, at the time the acquisition is made, at least 70% of our total assets are qualifying assets (with certain limited exceptions). Qualifying assets include investments in “eligible portfolio companies.” Under the relevant SEC rules, the term “eligible portfolio company” includes all private companies, companies whose securities are not listed on a national securities exchange, and certain public companies that have listed their securities on a national securities exchange and have a market capitalization of less than \$250 million, in each case organized in the United States.

Corporate History

In order to expedite the ramp-up of our investment activities and further our ability to meet our investment objectives on March 13, 2015, we (i) acquired approximately \$11.2 million in cash, \$43.5 million in equity and debt investments, and \$1.9 million in restricted cash escrow deposits of Capital Point Partners, L.P. (“CPP”) and Capital Point Partners II, L.P. (“CPPII”) (together, the “Partnerships”), (ii) issued approximately 115.5 million shares of our common stock based on a pre-valuation presumed fair value of \$60.9 million and on a price of approximately \$0.53 per share. We now seek to invest primarily in private small and lower middle market companies in various industries.

On an annual basis, we intend to elect to be treated for tax purposes as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986 (the “Code”). To qualify as a RIC, we must, among other things, meet certain source-of-income and asset diversification requirements. As a RIC, we generally will not have to pay corporate-level taxes on any income we distribute to our stockholders. We did not meet the qualifications of a RIC for the 2017 tax year and will be taxed as a corporation under Subchapter C of the Code.

Portfolio Composition and Investment Activity

Portfolio Composition

We originate and invest primarily in private small and lower middle-market companies through first lien loans, second lien loans, unsecured loans, unitranche and mezzanine debt financing, and corresponding equity investments. United States Treasury securities may be purchased and temporarily held in connection with complying with RIC diversification requirements under Subchapter M of the Code.

At March 31, 2018, the Company had investments in 9 portfolio companies, and a U.S. Treasury Bill. The total cost and fair value of the total investments were approximately \$99.7 million and \$85.6 million, respectively. The composition of our investments by asset class as of March 31, 2018 is as follows:

Investments	Cost	Fair Value	Percentage of Total Portfolio
Portfolio Investments			
First Lien Loans	\$ 14,694,070	\$ 15,377,198	18.0%
Second Lien Loans	21,411,391	19,228,318	22.4

Total Investments	<u>\$ 99,651,783</u>	<u>\$ 85,640,714</u>	<u>100.0%</u>

At December 31, 2017, the Company had investments in 9 portfolio companies. The total cost and fair value of the total investments were approximately \$52.9 million and \$39.0 million, respectively. The composition of our investments by asset class as of December 31, 2017 is as follows:

Investments	Cost	Fair Value	Percentage of Total Portfolio
Portfolio Investments			
First Lien Loans	\$ 14,668,076	\$ 14,965,218	38.4%
Second Lien Loans	20,326,135	18,665,936	47.9

Total Investments	<u>\$ 52,857,247</u>	<u>\$ 38,950,760</u>	<u>100.0%</u>

At March 31, 2018, our weighted average yield based upon cost of our portfolio investments was approximately 8.80% of which approximately 7.86% is current cash interest, all bearing a fixed rate of interest. At December 31, 2017, our weighted average yield based upon cost of our portfolio investments was approximately 8.89% of which approximately 8.24% is current cash interest, all bearing a fixed rate of interest.

Investment Activity

Our level of investment activity can vary substantially from period to period depending on many factors, including the amount of debt and equity capital to middle market companies, the level of merger and acquisition activity, the general economic environment and the competitive environment for the types of investments we make.

The primary portfolio investment activities for the three months ended March 31, 2018 are as follows:

- On January 1, 2018, the Company consolidated the prior bridge loans to Advantis Certified Staffing Solutions, Inc. into one note in the amount of \$813,225. The note will bear an annual interest rate of 5% paid quarterly with a maturity of December 31, 2018.
- On January 25, 2018, the Company made a short term bridge loan to Advantis Certified Staffing Solutions, Inc. in the amount of \$90,000 for working capital needs. The note will bear an annual interest rate of 5% paid quarterly with a maturity of December 31, 2018.
- On February 13, 2018, the Company entered into a Forbearance Letter Agreement (the "Forbearance") with Lone Star Brewery Development, Inc. for a maximum period of two years. During this period, the Company agreed to forbear from exercising and enforcing certain rights and remedies which the Company is entitled to and to accept a payoff equal to \$7,500,000 plus 25% of the net sales proceeds/value of the property if by December 31, 2018 or \$8,000,000 plus 25% of the net sales proceeds/value if on or after January 1, 2019. In return, Lone Star Brewery Development, Inc. refinanced out the first lien holder with a new lender in the amount of \$11,000,000, put \$3,248,000 into the project and paid the Company a forbearance fee at closing of \$50,000. In connection with this Forbearance, the Company made a partial release of lien on an approximate three-acre tract of land to a lender with a lien that was senior to the Company's lien.
- On February 20, 2018, the Company amended the Rockfish Seafood Grill, Inc. Revolving Line of Credit ("RSG Revolver") to increase the maximum principal amount to \$1,821,000 for restaurant improvements and enhancements. In connection with this amendment, Rockfish Seafood Grill, Inc. agreed to make the RSG Revolver a performing loan on a quarter basis with payments resuming on March 31, 2018.
- On February 26, 2018, the Company made a short term bridge loan to Advantis Certified Staffing Solutions, Inc. in the amount of \$150,000 for working capital needs. The note will bear an annual interest rate of 8% with all interest and principal due on maturity of December 31, 2018.
- On March 22, 2018, the Company made a loan to Dominion Medical Management, Inc. ("Dominion"), a wholly owned subsidiary of Integrated Medical Partners, LLC, in the amount of \$600,000 for working capital needs and amended, restated and consolidated the two prior notes. The new consolidated note has a principal balance of \$1,085,256 and will accrue and pay interest only on a quarterly basis at an annual rate of 18.0%. Dominion has the option to defer 6.0% of the annual rate of interest which will compound quarterly on the payment date. The maturity date of the new note is March 1, 2019.

Asset Quality

In addition to various risk management and monitoring tools, House Hanover uses an investment rating system to characterize and monitor the quality of our debt investment portfolio. Equity securities and Treasury Bills are not graded. This debt investment rating system uses a five-level numeric scale. The following is a description of the conditions associated with each investment rating:

Investment Rating	Summary Description
1	Investments that are performing above expectations, and whose risks remain favorable compared to the expected risk at the time of the original investment.
2	Investments that are performing within expectations and whose risks remain neutral compared to the expected risk at the time of the original investment. All new loans will initially be rated 2.
3	Investments that are performing below expectations and that require closer monitoring, but where no loss of return or principal is expected. Portfolio companies with a rating of 3 may be out of compliance with financial covenants.
4	Investments that are performing substantially below expectations and whose risks have increased substantially since the original investment. These investments are often in work out. Investments with a rating of 4 will be those for which some loss of return but no loss of principal is expected.
5	Investments that are performing substantially below expectations and whose risks have increased substantially since the original investment. These investments almost always in work out. Investments with a rating of 5 are those for which some loss of return and principal is expected.

The following table shows the investment rankings of our debt investments at fair value as of March 31, 2018 and December 31, 2017:

Investment Rating	As of March 31, 2018			As of December 31, 2017		
	Fair Value	% of Total Portfolio	Number of Portfolio Companies	Fair Value	% of Total Portfolio	Number of Portfolio Companies
1	\$ —	—	—	\$ —	—	—

	<u>\$ 35,521,707</u>	<u>89.5%</u>	<u>8</u>	<u>\$ 34,863,966</u>	<u>89.5%</u>	<u>8</u>

Loans and Debt Securities on Non-Accrual Status

We will not accrue interest on loans and debt securities if we have reason to doubt our ability to collect such interest. As of March 31, 2018 we had 4 loans on non-accrual status and as of December 31, 2017, we had 5 loans on non-accrual status.

Results of Operations

An important measure of our financial performance is net increase (decrease) in net assets resulting from operations, which includes net investment income (loss), net realized gain (loss) and net change in unrealized gain (loss). Net investment income (loss) is the difference between our income from interest, dividends, fees and other investment income and our operating expenses including interest on borrowed funds. Net realized gain (loss) on investments is the difference between the proceeds received from dispositions of portfolio investments and their amortized cost. Net change in unrealized gain (loss) on investments is the net change in the fair value of our investment portfolio.

Revenues

We generate revenue in the form of interest income on debt investments and capital gains and distributions, if any, on investment securities that we may acquire in portfolio companies. Our debt investments typically have a term of five to seven years and bear interest at a fixed or floating rate. Interest on our debt securities is generally payable quarterly. Payments of principal on our debt investments may be amortized over the stated term of the investment, deferred for several years or due entirely at maturity. In some cases, our debt investments may pay interest in-kind, or PIK. Any outstanding principal amount of our debt securities and any accrued but unpaid interest will generally become due at the maturity date. The level of interest income we receive is directly related to the balance of interest-bearing investments multiplied by the weighted average yield of our investments. We expect that the dollar amount of interest and any dividend income that we earn to increase as the size of our investment portfolio increases. In addition, we may generate revenue in the form of prepayment fees, commitment, loan origination, structuring or due diligence fees, fees for providing managerial assistance and possibly consulting fees. These fees will be reorganized as they are earned.

Expenses

Our primary operating expenses include the payment of fees to House Hanover (and to Princeton Advisory Group for the period prior to January 1, 2018) and our allocable portion of overhead expenses under the investment advisory agreements and other operating costs described below. We bear all other out-of-pocket costs and expenses of our operations and transactions, which may include:

- organizational and offering expenses;
- expenses incurred in valuing the Company's assets and computing its net asset value per share (including the cost and expenses of any independent valuation firm);
- subject to the guidelines approved by the Board of Directors, expenses incurred by our investment advisor that are payable to third parties, including agents, consultants or other advisors, in monitoring financial and legal affairs for the Company and in monitoring the Company's investments and performing due diligence on the Company's prospective portfolio companies or otherwise related to, or associated with, evaluating and making investments;
- interest payable on debt, if any, incurred to finance the Company's investments and expenses related to unsuccessful portfolio acquisition efforts;
- offerings of the Company's common stock and other securities;
- administration fees;
- transfer agent and custody fees and expenses;
- U.S. federal and state registration fees of the Company (but not our investment advisor);
- all costs of registration and listing the Company's shares on any securities exchange;
- U.S. federal, state and local taxes;
- independent directors' fees and expenses;
- costs of preparing and filing reports or other documents required of the Company (but not our investment advisor) by the SEC or other regulators;
- costs of any reports, proxy statements or other notices to stockholders, including printing costs;
- the costs associated with individual or group stockholders;
- the Company's allocable portion of the fidelity bond, directors' and officers'/errors and omissions liability insurance, and any other insurance premiums;
- direct costs and expenses of administration and operation of the Company, including printing, mailing, long distance telephone, copying, secretarial and other staff, independent auditors and outside legal costs;
- and all other non-investment advisory expenses incurred by the Company in connection with administering the Company's business.

(1) The basic per share figures noted above are based on a weighted average of 120,486,061 shares outstanding for both the three months ended March 31, 2018 and March 31, 2017, except where such amounts need to be adjusted to be consistent with what is disclosed in the financial highlights of our financial statements.

(2) Interest income includes PIK interest of \$33,322 and \$32,655 for the three months ended March 31, 2018 and 2017, respectively.

Operating Expenses

Total operating expenses increased from \$552,531 for the three months ended March 31, 2017 to \$484,402 for the three months ended March 31, 2018. The increase is primarily due to an increase in professional fees for the three months ended March 31, 2018.

Total operating expenses per share decrease from \$0.005 per share to \$0.003 per share for the three months ended March 31, 2017 and 2018, respectively.

Net Investment Loss

Net investment loss (after tax) decreased from a loss of \$(209,827) for the three months ended March 31, 2017 to a loss of \$(68,783) for the three months ended March 31, 2018. This decrease in a loss was primarily due to a decrease in valuation fees, consulting fees, insurance expense and interest expense for the three months ended March 31, 2018.

Net investment loss (after tax) per share decreased from \$(0.002) per share to \$(0.001) per share for the three months ended March 31, 2017 and 2018, respectively.

Net Realized Gain (Loss)

We measure realized gains (losses) by the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment, using the specific identification method, without regard to unrealized appreciation or depreciation previously recognized.

For the three months ended March 31, 2018 and 2017, we did not recognize any realized gain or loss.

Net Change in Unrealized Gain (Loss)

Net change in unrealized gain (loss) primarily reflects the change in portfolio investment values during the reporting period, including the reversal of previously recorded appreciation or depreciation when gains or losses are realized.

Net change in unrealized gain (loss) on investments totaled a loss of \$(104,582) for the three months ended March 31, 2018 primarily in connection with losses of \$655,460 and \$297,852 on Advantis Certified Staffing Solutions, Inc., and Integrated Medical Partners, LLC, which were partially offset by gains of \$477,228 and \$372,483 from Performance Alloys, Inc. and Rockfish Seafood Grill, Inc.

Net change in unrealized gain (loss) on investments totaled a loss of \$(1,948,851) for the three months ended March 31, 2017 primarily in connection with a loss of \$(1,433,519) on Class A preferred membership units in Integrated Medical Partners, LLC.

Financial Condition, Liquidity and Capital Resources

We intend to continue to generate cash from future offerings of securities and cash flows from operations, including earnings on investments in our portfolio and future investments, as well as interest earned from the temporary investment of cash in U.S. government securities and other high-quality debt investments that mature in one year or less. We may, if permitted by regulation, seek various forms of leverage and borrow funds to make investments.

As of March 31, 2018, we had \$1,126,819 in cash, and our net assets totaled \$41,234,174. We believe that our anticipated cash flows from operations will be adequate to meet our cash needs for our daily operations for at least the next 12 months.

Contractual Obligations

As of March 31, 2018, we did not have any contractual obligations that would trigger the tabular disclosure of contractual obligations under Section 303(a)(5) of Regulation S-K.

We have entered into one contract under which we have material future commitments, the House Hanover Investment Advisory Agreement, pursuant to which House Hanover serves as our investment adviser. Payments under the House Hanover Investment Advisory Agreement in future periods will be equal to a percentage of the value of our net assets.

The House Hanover Investment Advisory Agreement is terminable by either party without penalty upon written notice by the Company or 60 days' written notice by Hanover. If this agreement is terminated, the costs we incur under a new agreement may increase. In addition, we will likely incur significant time and expense in locating alternative parties to provide the services we expect to receive under our investment advisory agreement. Any new investment advisory agreement would also be subject to approval by our stockholders.

Distributions

In order to qualify as a RIC and to avoid U.S. federal corporate level income tax on the income we distribute to our stockholders, we are required to distribute at least 90% of our net ordinary income and our net short-term capital gains in excess of net long-term capital losses, if any, to our stockholders on an annual basis. Additionally, we must distribute an amount at least equal to the sum of 98% of our net ordinary income (during the calendar year) plus 98.2% of our net capital gain income (during each 12-month period ending on October 31) plus any net ordinary income and capital gain net income for preceding years that were not distributed during such years and on which we paid no U.S. federal income tax to avoid a U.S. federal excise tax. To the extent that we have income available, we intend to make quarterly distributions to our stockholders. Our stockholder distributions, if any, will be determined by our board of directors on a quarterly basis. Any distribution to our stockholders will be declared out of assets legally available for distribution. The Company did not meet the requirements to qualify as a RIC for the 2017 tax year.

We may not be able to achieve operating results that will allow us to make distributions at a specific level or to increase the amount of our distributions from time to time. In addition, we may be limited in our ability to make distributions due to the asset coverage requirements applicable to us as a BDC under the 1940 Act. If we do not distribute a certain percentage of our income annually, we could suffer adverse tax consequences, including the possible loss of any qualification as a RIC (if we achieve such status in future years). We cannot assure stockholders that they will receive any distributions.

To the extent our taxable earnings fall below the total amount of our distributions for that fiscal year, a portion of those distributions may be deemed a return of capital to our stockholders for U.S. federal income tax purposes. Thus, the source of a distribution to our stockholders may be the original capital invested by the stockholder rather than our income or gains. Stockholders should read any written disclosure accompanying any stockholder distribution carefully and should not assume that the source of any distribution is our ordinary income or capital gains.

We have adopted an "opt out" dividend reinvestment plan for our common stockholders. As a result, if we declare a distribution, the stockholders' cash distributions will be automatically reinvested in additional shares of our common stock unless a stockholder specifically "opts out" of our dividend reinvestment plan. If a stockholder opts out, that stockholder will receive cash distributions. Although distributions paid in the form of additional shares of our common stock will generally be subject to U.S. federal, state and local taxes in the same manner as cash distributions, stockholders participating in our dividend reinvestment plan will not receive any corresponding cash distributions with which to pay any such applicable taxes.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

Related Party Transactions

Management Fees

Management fees under the House Hanover Investment Advisory Agreement for the three months ended March 31, 2018 were \$116,827. As of March 31, 2018, management fees of \$116,827 were payable to House Hanover.

Management fees under the PAG Investment Advisory Agreement for the three months ended March 31, 2017 were \$107,055. As of March 31, 2018 and December 31, 2017, management fees of \$19,282 and \$94,282 were payable to Princeton Advisory Group.

Incentive Fees

The Company will not pay Princeton Advisory Group or House Hanover an incentive fee.

Other Related Party Transactions

As disclosed in the Company's Form 8-K filed with the SEC on September 16, 2016, on September 12, 2016, the Company, as a Borrower, entered into a Term Loan in the amount of \$225,000 with Munish Sood, as Lender, in order to fund capital to one of its portfolio companies, Rockfish Seafood Grill, Inc. The board of directors of the Company, by unanimous written consent, authorized and approved that the Company enter into the Loan Agreement. The loan will bear interest at a rate of 10.0% per annum and matures on December 12, 2016. As disclosed in the Company's Form 8-K filed with the SEC on October 27, 2016, on October 21, 2016, Munish Sood lent an additional \$140,000 under this Term Loan. On March 29, 2017, Munish Sood, in order to purchase certain assets to attempt to qualify as a RIC, lent an additional \$450,000 under this Term Loan and extended the maturity date to June 30, 2017. On April 10, 2017, the Company made a principal and interest payment totaling \$450,984 on this Term Loan. The loan was repaid in full including interest on July 17, 2017.

On June 28, 2017, Munish Sood made a non-interest bearing short term loan to Advantis Certified Staffing Solutions, Inc., one of the Company's portfolio companies, in the amount of \$89,225 for a short term working capital need. The loan was repaid without interest on July 5, 2017.

Recent Accounting Pronouncements

See Note 2 of the financial statements for a description of recent accounting pronouncements, if any, including the expected dates of adoption and the anticipated impact on the financial statements.

Critical Accounting Policies

The preparation of our financial statements and related disclosures in conformity with U.S. Generally Accepted Accounting Principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Changes in the economic environment, financial markets and any other parameters used in determining such estimates could cause actual results to differ. In addition to the discussion below, our significant accounting policies are further described in the notes to the financial statements.

Valuation of Portfolio Investments

As a BDC, we generally invest in illiquid loans and securities including debt and equity securities of middle-market companies. Under procedures established by our board of directors, we value investments for which market quotations are readily available at such market quotations. We obtain these market values from an independent pricing service or at the mean between the bid and ask prices obtained from at least two brokers or dealers (if available, otherwise by a principal market maker or a primary market dealer). Debt and equity securities that are not publicly traded or whose market prices are not readily available are valued at fair value as determined in good faith by our board of directors. Such determination of fair values may involve subjective judgments and estimates, although we engage independent valuation providers to review the valuation of each portfolio investment that does not have a readily available market quotation at least twice annually. Investments purchased within 60 days of maturity are valued at cost plus accreted discount, or minus amortized premium, which approximate fair value. With respect to unquoted securities, our board of directors, together with our independent valuation advisors, values each investment considering, among other measures, discounted cash flow models, comparisons of financial ratios of peer companies that are public and other factors.

When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, our board of directors uses the pricing indicated by the external event to corroborate and/or assist us in our valuation. Because there is not a readily available market for substantially all of the investments in our portfolio, we value our portfolio investments at fair value as determined in good faith by our board of directors using a documented valuation policy and a consistently applied valuation process. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may differ significantly from the values that would have been used had a readily available market value existed for such investments, and the differences could be material.

With respect to investments for which market quotations are not readily available, our board of directors undertakes a multi-step valuation process each quarter, as described below:

- Our quarterly valuation process begins with each portfolio company or investment being initially valued by an independent valuation firm, except for those investments where market quotations are readily available;
- Preliminary valuation conclusions are then documented and discussed with our senior management, our investment advisor, and our auditors;
- The valuation committee of our board of directors then reviews these preliminary valuations and approves them for recommendation to the board of directors;
- The board of directors then discusses valuations and determines the fair value of each investment in our portfolio in good faith, based on the input of our investment advisor, the independent valuation firm and the valuation committee.

Revenue Recognition

Realized gain (loss) on the sale of investments is the difference between the proceeds received from dispositions of portfolio investments and their stated costs. Realized gains or losses on the sale of investments are calculated using the specific identification method.

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis to the extent that we expect to collect such amounts. For loans and debt securities with contractual PIK interest, which represents contractual interest accrued and added to the loan balance that generally becomes due at maturity, we do not accrue PIK interest if the portfolio company valuation indicates that such PIK interest is not collectible. Generally, we will not accrue interest on loans and debt securities if we have reason to doubt our ability to collect such interest. Loan origination fees, original issue discount and market discount or premium are capitalized, and we then accrete or amortize such amounts using the effective interest method as interest income. Upon the prepayment of a loan or debt security, any unamortized loan origination is recorded as interest income. We record prepayment premiums on loans and debt securities as interest income.

Dividend income, if any, will be recognized on the ex-dividend date.

Generally, when a payment default occurs on a loan in the portfolio, or if the Company otherwise believes that borrower will not be able to make contractual interest payments, the Company may place the loan on non-accrual status and cease recognizing interest income on the loan until all principal and interest is current through payment, or until a restructuring occurs, and the interest income is deemed to be collectible. The Company may make exceptions to this policy if a loan has sufficient collateral value, is in the process of collection or is viewed to be able to pay all amounts due if the loan were to be collected on through an investment in or sale of the business, the sale of the assets of the business, or some portion or combination thereof.

Recent Developments

Portfolio Activity

- On April 12, 2018, the Company funded \$100,000 on the RSG Revolver.
- On April 24, 2018, the Company made a short term bridge loan to Advantis Certified Staffing Solutions, Inc. in the amount of \$110,000 for working capital needs. The note will bear an annual interest rate of 8% with all interest and principal due on maturity of December 31, 2018.
- On June 4, 2018, the Company made a short term bridge loan to Advantis Certified Staffing Solutions, Inc. in the amount of \$175,000 for working capital needs. The note will bear an annual interest rate of 10.75% with all interest and principal due on maturity of December 31, 2018.
- On July 12, 2018, the Company funded \$100,000 on the RSG Revolver, making it fully funded.
- Effective July 27, 2018 Rockfish Holdings, LLC and the Company entered into an amendment of its warrant agreement and warrant to extend the expiration of the warrant until July 28, 2028.
- On October 29, 2018, the Company issued a Notice of Default on its loan to Great Value Storage for non-payment of interest due on September 30, 2018.
- On November 15, 2018, the Company received payment in full in the amount of \$1,000,000 on its participation in the loan from Capital Foundry Funding, LLC to ECM Energy Services, Inc.

Entry into Long Term Investment Advisory Agreement with House Hanover

As reported in the Company's Preliminary Proxy Statement filed on April 6, 2018 and the Company's Definitive Proxy Statement filed on April 20, 2018, on April 5, 2018, the Company's Board of Directors (the "Board"), including a majority of the independent directors, conditionally approved the Investment Advisory Agreement between the Company and House Hanover, LLC, a Delaware limited liability company ("House Hanover") (the "House Hanover Investment Advisory Agreement"), subject to the approval of the Company's stockholders at the 2018 Annual Meeting of Stockholders. On May 30, 2018, the Company's stockholders approved the House Hanover Investment Advisory Agreement. The effective date of the House Hanover Investment Advisory Agreement was May 31, 2018.

Settlement Proceeds

Effective November 27, 2018, the Company entered into a confidential settlement agreement with a former vendor/provider of services in which the Company received \$1.1 million on December 4, 2018. Furthermore, the Company was released of the responsibility of outstanding Accounts Payable and Accrued Expenses totaling approximately \$279,172 to this vendor/provider of services, which would also forgive the related receivables Due From Portfolio Companies totaling approximately \$84,418.

Late Filings

As set forth in the Company's Form 12b-25 filings on August 15, 2018 and November 15, 2018 the Company has not timely made its Form 10-Q filings for the periods ending June 30, 2018 and September 30, 2018 due to its inability to do so without undue effort or expense.

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are subject to financial market risks, including changes in interest rates. Changes in interest rates may affect both our cost of funding and our interest income from portfolio investments and cash and cash equivalents. As of March 31, 2018, all of our debt investments in our portfolio bore interest at a fixed rate, except 1 debt investment which bore interest at a variable rate, representing approximately \$1,000,000 and \$1,000,000 in debt at fair value and cost, respectively. The variable interest rate is based on the US Prime Rate.

To illustrate the potential impact of a change in the underlying interest rate on our net investment income, we have assumed a 1%, 2%, and 3% increase along with a 1%, 2%, and 3% decrease in the underlying US Prime Rate, and no other changes in our portfolio as of March 31, 2018. The below table illustrates the effect such assumed rate changes would have on an annual basis.

US Prime Rate Increase (Decrease)	Increase (Decrease) on Net Investment Income ⁽¹⁾
3.00%	\$ 30,000
2.00%	\$ 20,000
1.00%	\$ 10,000
(1.00)%	-
(2.00)%	-
(3.00)%	-

(1) There is no decrease on Net Investment Income due to a payable rate on our 1 variable rate debt instrument of US Prime Rate plus 1%, with a rate floor on the US Prime Rate of 4.25%.

This analysis does not adjust for changes in the credit quality, size and composition of our portfolio, and other business developments that could affect the net increase or decrease in net assets resulting from operations. Accordingly, no assurances can be given that actual results would not differ materially from the results under this analysis.

Item 4. CONTROLS AND PROCEDURES

(a) Evaluation of Disclosure Controls and Procedures

The Company's management, under the direction, supervision, and involvement of the Interim Chief Executive Officer and Chief Financial Officer, has carried out an evaluation, as of the end of the period covered by this report, of the effectiveness of the design and operation of the disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act") of the Company. Based on this evaluation, the Interim Chief Executive Officer has concluded that disclosure controls and procedures in place at the Company are effective to ensure that information required to be disclosed in the Company's Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to the Company's management to allow timely decisions regarding required disclosure based closely on the definition of "disclosure controls and procedures" in Rule 13a-15(e) and 15d-15(e) under the Exchange Act.

Under the direction, supervision and participation of the Company's management, including our Interim Chief Executive Officer and principal financial officer, the Company's management conducted an evaluation of the effectiveness of its internal control over financial reporting based on the framework in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013) ("COSO-Framework"). Based upon that evaluation, the Company's CEO and CFO have concluded that except for the late filing of the Form 10-Q due to (i) delays experienced in finalizing the accounting for the transaction on March 13, 2015, (ii) the lawsuits disclosed in the Company's public filings, and (iii) the investigation into Mr. Sood, the Company's disclosure controls and procedures are effective as of the end of the period covered by this report.

(b) Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that occurred during the quarter ended March 31, 2018 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. LEGAL PROCEEDINGS

As of March 31, 2018, there were no material legal proceedings against the Company or any of its officers or directors.

From time to time, the Company may be a party to certain legal proceedings in the ordinary course of business, including proceedings relating to the enforcement of the Company's rights under contracts with its portfolio companies. While the outcome of these legal proceedings cannot be predicted with certainty, the Company does not expect that these proceeding will have a material effect upon its business, financial condition or results of operations.

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017, which could materially affect our business, financial condition and/or operating results. The risks described in our Annual Report on Form 10-K are not the only risks we face. Additional risks and uncertainties are not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results. There have been no material changes from the risk factors set forth in our Annual Report on Form 10-K for the year ended December 31, 2017.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None.

Item 6. Exhibits

The following exhibits are filed as part of this report or hereby incorporated by reference to exhibits previously filed with the SEC:
